

AVI BABY

Words by: Chuck and Nikki White and a whole lot of Morgan Cryar

Music by: Zach and Maggie Music

You blow me kisses and play peek a boo
There's a twinkle in your eyes
You look at the world Everything is so new
You're a baby angel in disguise

Like a gift to the world
Wrapped in giggles & curls
Sent down from above
To a grandpa in love

Avi Baby
When you call my name it's like heaven
Avi Baby
We all feel the sunshine you're spreadin'
Avi Baby

I'd lasso the moon if you wanted me to
And put it right there in your hand
When you say "Pop Pop", I'm an old lovesick fool
And your every wish is my command

Don't grow up too fast
Let's make it all last
We can savor each day
And you'll hear me sayin'

Avi Baby
When you call my name it's like heaven
Avi Baby
We all feel the sunshine you're spreadin'
Avi Baby

Bridge:
Lord won't you watch over her
These little girl days will be gone in a blur

Avi Baby
When you call my name it's like heaven

Avi Baby
We all feel the sunshine you're spreadin'

Avi Baby
All your made-up words keep us guessing
Avi Baby
Wherever you go, you're a blessing
Avi Baby
