

I lived through a very ugly divorce with Mom and Dad. This truly did make all of us choose sides at almost every holiday even years later. I miss my family when it was together and joyful.

I love you, Mom & Dad, together or apart.

Forever Gone

I don't know how we built this
house of sand
And I never fell so hard until my
ring left your hand
Everything you once loved in me
just wouldn't stand
Now I can't look at myself because
I don't know who I am

CHORUS:
So how do I go on?
And when did right turn wrong?
My love is forever
My love is forever, forever gone

Godly words –
Till death do us part
I swear I tasted hell
When you pushed me from your heart

We always had each other
Until he swept you away
Now I've been lookin' lately, too
Just trying to find yesterday

CHORUS:
So how do I go on?
And when did right turn wrong?
My love is forever
My love is forever, forever gone

CHORUS:
So how do I go on?
And when did right go wrong?
My love is forever, forever gone

BRIDGE:
I used to see us riding off into
the sun
Now I don't see nothin' but a
long night comin'

CHORUS:
So how do I go on?
And when did right go wrong?
My love is forever, forever gone

Forever gone
