

Just Hold On

What do you say
When there's nothing you can say?
What do you do
When there's nothing you can do?

How do you help
When a loved one's left with pain?
And how do you pray
When you've prayed and prayed and prayed?

CHORUS:

Just hold on Just hold on
Just hold on With all you've got
Just hold on Just hold on

For the sun will rise tomorrow
Like the sun that rose today
Like the Son that seemed to disappear
But rose up from the grave

Just hold on to. . . . Jesus

Now I have seen
This dark place before
Where time stands still
And hope lives no more

But I have seen
A miracle or two
And right now, God
Won't you help us see You?

CHORUS
