

Kisses From Heaven

Mary was a big fan of her brother Chuck and his music. She was a very big part of he and his family's lives. This song was written by attempting to imagine her perspective when she came to realize that her time on Earth would be cut short. No words could even come close to describing what a joy she was to all of us or how deeply the pain of her leaving us hurts. Mary knew Jesus and we will see her again, but for now we will be looking for her kisses from heaven. (August 9, 1963 – January 12, 2017)

It won't be long now
I'll knock on Heaven's door
And I see things
Like I've never seen before
A life built on love, simple and true
The thought of leaving you is tearing me in two

Chorus:

I'm so in love with all of you
My heart's so full; it's breaking right in two
I'm going home soon where there's no more hurt or pain
But I promise you
Kisses from Heaven

Oh my dear lover,
Can you be both dad and mom?
I've seen it in you
A tenderness so strong

My sweet children, and your children
I need you to carry on
So the memories we share
Will forever play our song

Chorus:

I'm so in love with each of you
My heart's so full; it's breaking right in two
I'm going home where there's no more hurt or pain
But I promise you
Kisses from Heaven

BRIDGE – INSTRUMENTAL NASHVILLE QUARTET

To my family, my friends
Who loved me without end
For now, remember me
Just know that I am free

Chorus:

I'm so blessed because of you
My heart is full here; it's beautiful and new
I'll be watching for Jesus to walk you through
And I promise you kisses
Yes, I promise you kisses

I promise you kisses
In Heaven
