

I have had no money and for a brief moment, a lot of money, and there is no wealth without someone who truly loves you.

Honey, that's you. I know you love me and I hope you know how much I love you.

-Chuck

Wealthy Man

I didn't have a nickel when you married me  
Just a million dreams waiting to be spent  
But you loved me just like I was royalty  
Even though I could barely pay the rent

CHORUS:

For richer or for poorer  
You're the treasure in my hand  
As long as I've got you  
I know I'm a wealthy man

I always thought I'd build for you a mansion  
And give you all the finer things in life  
But you still pack my lunch and look out after me  
And you still act so proud to be my wife

CHORUS:

For richer or for poorer  
You've been my biggest fan  
As long as I've got you  
I know I'm a wealthy man

BRIDGE:

Girl, you make me feel just like a king  
You're in my arms so I've got everything

Now we don't have to struggle like we used to  
God has blessed our family by far  
I watch you as you put others before you  
That's just the kind of woman that you are

CHORUS:

For richer or for poorer  
You're the treasure in my hand  
As long as I've got you  
I know I'm a wealthy man  
I'm a wealthy man
