

When I'm Gone

Shed your tears
But have no fear
Don't worry about me
Cause I'm not here
I lived a proud life
Loved my children and my wife
But life is a breath too few years

CHORUS:

And I hope they sing this song when I'm gone
Cause life is shorter than it's long
Keep looking up
I pray He fills your cup
And I hope they sing this song when I'm gone

I've stumbled a few times
As I walked that fine line
So forgive me Lord when I've done wrong
Between the awful truth and the sins of my youth
You saw me weak, but you were strong

CHORUS:

And I hope they sing this song when I'm gone
Cause life is shorter than it's long
Keep looking up
May He fill your cup
And I hope they sing this song when I'm gone

BRIDGE:

Live your life with no regrets
Don't take for granted one single breath

CHORUS:

And I hope they sing this song when I'm gone
Cause life seems shorter than a song
I had a blast with those who made me laugh
I wish you joy when each day dawns
Have them sing this song when I'm gone
